WORK IS RESUMED BY THE CITY ON NEW HALL TODAY

Quarters for Firemen to Be Completed in Time to Move Department in About the First of October.

MAY FINISH POLICE QUARTERS AS WELL

Money in Building Fund, Together With City's Credit With Supply Dealers, Clears Way for Action.

Work was resumed today on the city hall. With the use of money in hand and aided by the city's credit as a retail customer, the structure is to be finished up to such an extent that at least one department will be housed in it.

The plan is to finish off the fire department headquarters and move that department into the building. Under the direction of City Engineer James N. Gladding the work was begun today with preparations for paving the floor of the fire quarters.

It may be that the police quarters in the new hall will also be finished, but at this stage of affairs only the way to finish the fire headquarters is definitely outlined. Members of council met in informal conference with the city hall committee last night, and various plans were discussed. No plan for the general finishing of the building has been adopted, but there is hope that something may yet be done with a lease proposition. The committee feels assured that the lease plan, as outlined by City Attorney Thomas N. Wilkerson, is legal and entirely safe for anyone willing to advance the money.

Whether or not a sum sufficient to finish the whole structure is obtained, the committee will press to completion the work started on the fire department.

Jacob Korber, owner of the Korber building and the city's landlord, was informed by Mayor Roughton today that the city expected to vacate the temporary fire department quarters in his building about the first of October.

The plan of procedure agreed upon by the city hall committee is to use the money now in the building fund for finishing up the fire quarters to such a degree as will permit of moving the department in. There is now something over \$500 in the fund. It is planned to increase that from various sources to about \$1,000. For plans, cement and other materials needed to carry through the work, the city will use credit. No difficulty is expected in getting "ticks" on such supplies in the comparatively small quantities required.

May Move Police Too.

If, after the fire department is provided for, resources are sufficient to make the police quarters habitable they will be finished off also. It requires little to make the police department in the new building ready for occupancy. The jail division is virtually complete now. The steel cells are in place and the cement floor has been laid.

Should the police, as well as the

fire department, be moved into the new hall the whole city government virtually will be at home in the new building. City Clerk Tom Hughes requires only room enough for his safe and his two desks to transact all his business, and he could set up shop in quarters jointly with Chief of Police McMullen.

New Korber Tenants.

As for the mayor's office, there is no real necessity for it. Desk room is all the mayor needs, and he could easily find a place in which to establish his headquarters somewhere about the city hall.

Mr. Korber is not upset at the prospect of losing the city as a tenant. As soon as the firemen move out of their present dormitory, it will be taken over by the department of plant pathology of the forest service office. The main quarters of the fire department on the street floor will be taken by the Buick automobile agency, which has long been anxious to secure it as a shop and storage room.

APPEALS FOR HELP ARE ON INCREASE; AID FUND SMALL

Applicants for relief from the mayor's charity fund have increased recently. The increase is said to have been mostly among indigent health-seekers, and the explanation is that the publicity given the climate-advertising plan has led to a belief among the hard-pressed sick persons in town that the city is prepared to take hold of the problem of caring for health-seekers.

The fund at the disposal of the mayor for charity cases is limited. It is felt among those who have studied the situation that the time is close at hand when Albuquerque will need an active organized charities association.

Uncanny Skill.

From the Washington Star.

Coroner Corodon Norton of Freeport was talking to a New York reporter about the Carman case.

"Great skill has been displayed in this case," the young coroner ended. "Uncanny skill, I might almost say. Skill which reminds me of the young lady at Coney."

"A young lady met a young gentleman at Coney, and they took a bath, and a long walk on the beach, and then they sat down side by side on the white, clean sand."

"The spot was a lonely one, and the young man began to talk of love. He drew nearer and nearer to the young lady. Finally he reached out his arm to encircle her waist."

"But she drew back sharply and at the same time she took a pair of large white cotton gloves from her handbag. 'George,' she said, 'just slip on these. My steady's a detective, and if he found your finger prints on this here white belt of mine —'

The Women's Catholic Order of Foresters will meet Wednesday evening at 7:30 in Odd Fellows hall.

The C. R. urgently requests all members to attend as there are matters of importance to be discussed. Harry Lawler, R. S.

Reports of a recent early cold snap in the east are borne out, the police say, by the increased number of hoboes passing through town on the way west. It marks the beginning of the rush to the warmer winter climate of the southern Pacific coast.

Five of the regular dyed-in-the-wool tramps were up in city court this morning. They were the van guard of the cold weather hordes from the eastern states. Chief McMullen said.

They got ten days apiece.

DR. MILLS COMING FOR MAN TOMORROW

Chief of Police McMullen received word today from the state asylum that Dr. William P. Mills, the superintendent, was to be expected here tomorrow evening for Hilmyer White, the escaped lunatic who was caught on a freight train early Monday.

Dr. Mills is in Carlisle and will stop here on his way back to Las Vegas. He will probably have a little time between trains that the police will have White at the station ready to turn him over to the asylum head without delay.

DEMOCRATS WILL NAME BUSINESS MEN TO GO TO SANTA FE

Sentiment in Primaries Last Night Strongly in Favor of Aggressive Campaign for Legislature.

INDIGNATION AMONG DELEGATES IN 28

Sharp Denial of Story Circulated by Republicans That Split Occurred in Primary on Prohibition Issue.

Bernalillo county Democrats held harmonious primary meetings in every precinct in the county yesterday afternoon and last night, electing full delegations to the county convention for the nomination of legislative candidates which will be held Thursday night in the high school auditorium.

Delegations have been elected in all of the county precincts for the first time in several years past and it was made plain by the returns from the county received last night and this morning that the party will be able to make a fight everywhere in the county this year for the election of the legislative candidates.

The delegates elected from the two city precincts are in enthusiastic harmony on the proposal to nominate business men for the legislature and to get behind them with an aggressive winning campaign. A conference committee of three men from each of the two precincts was named last night to suggest legislative candidates, and this committee is holding its first meeting this afternoon. A number of prominent business men are being suggested for the nominations, and although the committee will make no report until the convention meets, when its report will be in the form of suggestions, it is understood today that encouragement has been received of the men being talked of and that this year a real ticket of able men can be placed before the people by the Democratic party.

SHARP DENIAL SPLIT IN PRECINCT TWENTY-SIX

Considerable indignation was expressed this morning among Democrats in precinct twenty-six at the Republican effort to spread the story of a split in the 26th precinct, and the effect to raise the prohibition issue in Albuquerque at this time was especially condemned.

"The story that there was a split in the Democratic party in precinct 26, which appeared in the Journal this morning is utterly without foundation," said Clyde Tingley this morning. Tingley was one of the active men in the primary and was elected to the county convention delegation. "The statement that the division in the precinct primary, on the choice of delegates was on prohibition lines is a deliberate misstatement of facts," said Tingley. "Not a single mention of the word 'prohibition' was made in the primary. It was not suggested by any of the delegates proposed or by any of the delegates elected. There was a contest for places on the delegation; which is natural in a Democratic meeting. But no one proposed or thought of the prohibition question and the effort to raise it as between Democrats in Albuquerque is simply a campaign effort to hurt the Democratic party."

"I want to say, and I have authority to speak for our delegation, that we are with the Democrats of every other precinct in this county, in the desire to nominate strong, able business men to the legislative ticket; that we will support such men, whoever they may propose them, and that the question of where they stand on the matter of prohibition does not figure in our calculations to the slightest extent, provided they are men of high calibre and able to represent this county as it should be in the state legislature. We are with the Democrats of the county for success with the state and legislative ticket and no amount of mis-statement can change our course."

William Kieke presided as chairman in the primary in precinct 26 and Alvario Montoya was elected secretary.

Delegation in 28.

The delegation from Precinct 28 is as follows: Pitt Ross, Dr. S. J. Barton, Dr. E. M. Clayton, Charles Tingley, Alvario Montoya, J. D. Emmerson, C. E. Hinds, Rev. A. Toothaker, Dr. D. E. Wilson, J. M. Morris, Rafael Garcia, Joe Whitesides, George Roddy, Thomas Passmore, Sr., W. M. Clayton, A. Sanchez, A. V. Sadduth, Rev. S. E. Allison, Charles Conroy, E. L. Hines, R. S. Owen, Mrs. Harold Pierce, Edgar Bass, M. E. Vigil, A. B. Watters, J. J. Emmerson, James Lucas, Frank Kirtler, John Tansberg, Frank Montoye, Dr. W. H. Lovelace, Steve Roehl.

Precinct 12 Meeting.

The primary in Precinct 12 was called to order by County Chairman Louis A. McRae, and John P. Simms was elected as chairman with George C. Taylor as secretary. The following delegates to the county convention were nominated: J. P. Sheehan, Isaac Barth, M. P. Sawtelle, Tony Ortiz, N. J. Strumquist, Thomas Ketcher, George S. Valliant, Louis A. McRae, A. G. Simms, A. Fleischer, Dr. R. L. Hust, George C. Scheer, R. W. Rhea, O. N. Marron, Dennis Chavez, W. W. Bowers, Emil Mann, R. L. Dodson, W. P. Huntman, John S. Weaver, John P. Volking, Edmund Ross, Summers Burkhardt, Warren Graham, J. R. Galusha, M. S. Tierney, George C. Taylor, John P. Simms.
